

Next generation mask Swiss high-tech Innovation

September 21, 2020, 10.00 AM – 11.30 AM

Join us for our webinar on 21 September 2020 and learn about the developments in the functional protective masks field, regulatory challenges and analytical opportunities.

Program

- 10:00 - 10:05** - Welcome on behalf of [contactpointnano.ch](https://www.contactpointnano.ch) (CPN) and Swiss Nano Analytics (SNA) *Dr. Sergio Bellucci (CPN)*
- 10:05 - 10:25** - COVID-19, Face Masks and how Nanotechnology can provide solutions
Dr. Peter Wick ([contactpointnano.ch](https://www.contactpointnano.ch), Empa, Member of National COVID-19 Science Task Force)
- 10:25 - 10:40** - Antiviral face masks: Industrial experience
Dr. Wouter Pronk (Livinguard AG)
- 10:40 - 10:55** - Classification and regulation of protective masks
Dr. Margit Widmann (SQMT)
- 10:55 - 11:05** - Analytical challenges for nanomaterials in complex matrix
Dr. Christoph Geers (SNA, NanoLockin)
- 11:05 - 11:30** - General discussion and Q&A
